Smokehouse...

Embracing our passion for traditional cooking methods and excellent food, we have our own Smokehouse at the rear of the Inn. Historically, the main purpose of hot or cold smoking was to preserve food for a longer period of time. Nowadays it's all about the taste. Depths of flavour are achieved by adding herbs, spices, alcohol and other ingredients to the process; the type of wood used in the smoking process also contributes to the taste. With so many variables there can be quite a bit of experimentation to get the perfect flavour.

It takes many years to perfect the art of smoking and we are constantly improving our technique. We welcome any comments or suggestions that you may have on flavours and Chef is more than happy to chat with you about the products and processes we currently use.

Smoking Courses...

As the only restaurant in the Lake District with its own smokehouse, The Wild Boar is delighted to work with smoking experts Smoky Jo's to provide a one day smoking course, where guests will learn how to hot and cold smoke a range of different foods such as chicken, salmon, sausage and cheese using the Inn's own purpose-built smokehouse.

The Smoky Jo's team will show you just what tremendous results can be achieved at home on a stove, converted bbq, wardrobe or even a filing cabinet!
