Inspired by the nostalgia of a bygone era of art deco and cocktails, Rotunda offers a timeless style and elegance where you can enjoy a unique range of exquisite drinks. Detail is our obsession, we research classic recipes using only fresh organic ingredients. Our wish is to present to you the perfect cocktail that is both creative and appealing to the eye whilst exciting, scintillating and intriguing on the palate. We also pride ourselves by serving on trend and unique food and drink that you will remember and enjoy.

In spring 1933, the renowned watercolourist, Eric Ravilious, and his wife, Tirzah Garwood, were commissioned by the architect, Oliver Hill, to paint a mural on the walls of what were then to be the tearooms. Ravilious design was inspired by the exceptional local landscape and The Midland’s elegant art deco architecture.

Unfortunately in the rush to have the mural finished for the grand opening of the hotel, the plaster on the wall had not dried out properly and within a couple of years it was peeling so badly that it had to be completely painted over. In the end, Eric and Tirzah’s work survived only in the form of black and white photographs taken shortly before the grand opening in July 1933.

The new mural is not only designed to recall some of the beauty of the original composition that Eric and Tirzah produced, but also as a tribute to those artists who struggled tirelessly and largely unappreciated, making their contribution to one of the most beautiful testaments to Art Deco period architecture and design existent in the world today.

The Ravilious Rotunda bar mural was produced in November 2013 by Jonquil Doremus-Cook, graphic artist and Director of English Lakes, assisted by graphic artist Isa Clee-Cadman, using acrylic paints and liquid gold leaf.

CRAFT BEER & CIDER

JUBEL - A recent winner in the World Beer Awards this British company has embraced the rising craft beer trend by developing a selection of naturally flavoured lagers with unique stories. These easy drinking beers are vegan, gluten free and low calorie.

ALPINE
Alpine is our original brew. We stumbled on a dangerously refreshing beer tradition called demi-pêche at a ski bar in the Alps and felt it was too good not to share, so we brewed this beer. Alpine combines the taste of crisp lager with freshly ripe peaches. The fruit is well balanced with a clean, light-bodied lager to deliver the refreshing blend of zesty peach notes cut with some classic pilsner character.

URBAN
Urban was a bit of a milestone for us. We were springing into a fresh chapter so we went to town on a fresh brew fit for the city, and this was our pick of the bunch. In essence, light-gold lager meets delicate elderflower, resulting in a floral complex that gives way to a subtle lager finish.

COAST
We discovered a beer secret hidden along the Croatian coast and the cold liquid was too good not to share. Coast is a crisp lager with the zing of juicy grapefruit. A thirst quenching session lager cut with citrus undertones for a balanced bitterness.

Bring on the Rum, another fast growing spirit on the drinks scene. Rum is a very versatile spirit and one that can be experimented with a variety of mixers, fruit juices or simply on its own. Dating back to the 17th century when it was first distilled on the sugarcane plantations in the Caribbean. Plantation slaves first discovered molasses, a by-product of the sugarcane refining process. This was a waste product which until someone discovered it could be fermented into alcohol was being thrown into the ocean. Rum was born.

We have an extensive selection of gold, dark, spiced and aged rums.
